Priorities and Opportunities

Rigorous, Community-Connected Classroom Instruction and Expanded, Enriched Learning Opportunities

Expand after-school programming to include STEM-based learning opportunities, increase literacy-focused enrichment activities, and provide targeted tutoring support for students requiring academic intervention. Leverage existing partnerships to integrate tutoring services and enhance field trip experiences to reinforce and extend classroom learning.

Collaborative Leadership, Shared Power, and Voice

Increase meaningful involvement of parents and students in planning and decision-making by developing student council structures; establishing PTO and collaborating with local leaders.

Integrated Systems of Support

Expand access to wraparound services addressing mental health, legal, and basic needs for families by partnering with health providers, hosting monthly service connection events and strengthening referral systems.

Culture of Belonging, Safety, and Care

Continue fostering a welcoming environment for the school community by expanding outreach efforts and developing additional strategies to effectively communicate opportunities for engagement.

Powerful Student and Family Engagement

Improve accessibility, flexibility, and cultural relevance of family engagement efforts by offering virtual and evening workshops; providing child care and expanding partnerships for adult classes and outreach.
