## What did we learn?

### Student Feedback

- Many students feel the school prepares them for college and careers, but they could always use more help with academics.
- Many students reported they can talk honestly with adults at school. They believe the school welcomes everyone.
- Students shared that they have access to grades and attendance they believe they have access to emotional support as well.

### Staff Feedback

- Many staff reported that they have access to leadership opportunities.
- Staff confirms the school welcomes everyone and families feel included.

### Family Feedback

- Families feel the school is welcoming and they receive access to information in their preferred method.
- Many families reported they attend school events.
- The families have a high need for services such as food, clothes and legal assistance.

## Priorities and Opportunities

Rigorous, Community-Connected Classroom Instruction and Expanded, Enriched Learning Opportunities

Increase integration of real-world, culturally relevant content into instruction, expand STEM and advanced learning opportunities. Connect with Community Partners to plan field trips that expose students to cultural experiences.

Collaborative Leadership, Shared Power, and Voice

Improve visibility and accessibility of parents leadership organization. Create student advisory groups, proactively include families and partners in decision-making processes. Have Community Partners to play a more active role with sharing leadership resources and their expertise.

Integrated Systems of Support

Expand access to on-site mental health, food, dental, and vision services. Establish clearer referral pathways and increase awareness of supports.

Culture of Belonging, Safety, and Care

Continue reinforcing inclusive practices. Use student voice to assess and improve school culture. Prioritize staff-student relationships and trauma-informed practices. Continue to build our relationship with the Police Department Community Resource Officers that assigned to our school.

Powerful Student and Family Engagement

Increase communication using text and in-person channels. Clarify opportunities for families to engage beyond attendance—e.g., leadership, volunteering, workshops. Glassmanor Parent Engagement Assistant will continue to build relationships with Community Partners to address families needs.
