

I. Where to Find Summer Meals

<u>Free summer meals</u> will be available for youth up to age 18 at locations throughout the county. There are no income or registration requirements to receive free meals. Visit <u>www.mdsummermeals.org</u> for the most up to date locations.

II. Stay Engaged!

Our free <u>summer learning program</u> includes options for acceleration, enrichment, intervention, credit recovery or original credit. <u>Summer enrichment packets</u> are also available for all grade levels.

Additionally, Prince George's County Memorial Library System will hold its annual <u>Summer Prince George's</u> program featuring reading challenges, library events, <u>reading lists by grade level</u>, movie and music streaming, and interactive social media challenges.

Remember, all PGCPS students have access to online library services and resources with their student ID number. To gain access, simply enter "PGCPS" followed by the student ID number.

III. Health & Safety

Through our telehealth partnership with Hazel Health, students can continue to have free video doctor and therapy visits weekdays from 7 a.m. to 7 p.m.. Be sure to sign the <u>student access form</u> so that your child can access this resource. <u>Hazel Health</u> is available to every student at no cost, regardless of t heir insurance or financial status.

Mental health therapists will reach out to students they have seen during the school year throughout the summer. If your student received counseling this year, please <u>complete this survey!</u>

Our Wellness Wednesday mental health series is available on demand.

PGCPS will also hold monthly anti-overdose Narcan training at select sites through August.

As safety remains our priority, we will be piloting security enhancement equipment at nine high schools this summer in preparation for a larger rollout this fall at all high schools, seven middle schools and our three Non-Traditional Programs.* These school security enhancements are designed to strengthen the teaching, learning and working environment.

The county's youth curfew remains in effect, outlawing youth under age 17 to be out in public after midnight to 5 a.m. on Friday and Saturday and after 10 p.m. on all other days.

*Please note, an earlier version of Engage PGCPS incorrectly noted two Non-Traditional Programs.

IV. Activities for Teens

Check out the Department of Parks and Recreation late-night <u>summer programs for teens</u> and young adults! Activities will be offered between the hours of 7-11:30 pm through August at locations across the County.

While shopping for school supplies, don't forget that middle and high school students will require clear backpacks, starting this fall.

V. Welcome Our New Superintendent!

Millard House II, formerly Superintendent of the Houston Independent School District, will take the helm of PGCPS on July 1. Prince George's County Executive Angela Alsobrooks announced his appointment Wednesday during a news conference.

"It is both an honor and a pleasure to join Prince George's County Public Schools," said Mr. House. "I look forward to listening and learning in the days ahead in an effort to build upon a rich tradition of educating students in an equitable manner."
