COMMUNICATION

We use Class Dojo as our primary means of communication with families.

Please make sure to check Dojo regularly for important information and updates!

Welcome to Second Grade!

Your students have been coming to school on time, dressed in their uniforms, and ready to learn!

We look forward to partnering with you all to make this the most successful school year possible!

--Second Grade Educational Team,
Mrs. Muhammad and Ms. Barnum-
Math/Science/Health

Ms. Commissiong and Ms. Nelson- Reading and
Social Studies

Ms. Suber- Special Education (SPED)
Ms. Turner-English Language Development
(ELD)

REMINDERS

✓ Be sure to check your child's red take home folder every night.

✓ Please ensure that you have submitted a pink Emergency Contact form to your child's homeroom teacher.

2nd Grade newsletter

WHAT WE ARE LEARNING:

Reading/Social Studies: In both English Language Arts and Social Studies, students are reading informational text about “Being Good Citizens” at home, school and in the community. They are learning that good citizens help others, obey laws, and work to make things better.

Math: Students are learning different strategies to count coins up to one dollar.
*At home, help your child practice counting and sorting coins. Use plastic cups to write prices on the front of the cup. Allow your child an opportunity to fill each cup with the correct amount.

Science: Students are learning how to think like scientists. Scientists use the Scientific Method to test their ideas. Students have tested what will happen if sugar is added to bubbles...they BOUNCE! To try this experiment at home, combine 4 tbsp. water, 1 tbsp. sugar, and 2 tbsps. dish soap. Allow your scholar to explore using different ingredients to see what changes they are able to produce.

Health: Our current unit addresses safety rules and laws, handling common emergencies, avoiding hurting self and others.
